

SOHO Pro™

21 inch Media Panel

The SOHO Pro™ P2100 media panel provides a centralized distribution point for the components and services that make today's homes smart.

In addition to the panel's flexible design, a selection of mounting systems makes this panel a convenient, secure, enclosure for installing and distributing broadband service inside the premise.

Also available in 30", 42", and 63" sizes with narrow/deep options.

FEATURES & BENEFITS

Large internal space for installation of active, passive, and cable management components.

Standardized mounting hole pattern supports unique Primex Rail, Shelf, and Universal Mounting Systems for components.

Multiple entry/exit knockouts on top and bottom support microduct and robust cable runs.

Lightweight design allows for easy transport and installation.

Optional key or hex locks available for enhanced security.

ETL-compliant and fire-retardancy tested for heightened safety and durability.

*Enclosures should not be mounted in a fire-rated wall.
