

### 1. PRODUCT SUMMARY

The Primex Duplex Adapter Fiber Brackets help store and manage up to 24 fibers in an enclosure for FTTH applications.

This series of rigid brackets optimize fiber adapter placement within Wave enclosures. They are quickly and easily installed for effective fiber connections.

### 2. PRODUCT DIMENSIONS

Sizes: 1-12 duplex adapters

### 3. FEATURES & BENEFITS

- Up to 12 duplex adapters in one bracket for scalable and efficient fiber connection.
- Fits standard SC connectors for versatile installations.
- Fits standard mounting hole pattern for universal installation.
- Durable PVC for secure adapter placement.

### 4. APPLICATIONS

- FTTH for single family/multi-family units
- FTTx for small businesses

### 5. CONFIGURATIONS

SC	Part #	Description
	125-0614	FB6 Double fiber bracket, 6 adapters
	125-1202	FB12 Double fiber bracket, 12 adapters (3x4)
	125-1203	FB12 Double fiber bracket, 12 adapters (2x6)
