Simplex Adapter Fiber Bracket

1. PRODUCT SUMMARY

The Primex Simplex Adapter Fiber Brackets help store and manage up to 24 fibers in an enclosure for FTTH applications.

This series of rigid brackets optimize fiber adapter placement within Wave enclosures. They are quickly and easily installed for effective fiber connections.

3. FEATURES & BENEFITS

- Various sizes from 1 - 24 simplex adapters in one bracket for scalable and efficient fiber connection.
- Fits standard SC connectors for versatile installations.
- Fits standard mounting hole pattern for universal installation.
- Durable PVC for secure adapter placement.

4. APPLICATIONS

- FTTH for single family/multi-family units
- FTTx for small businesses
