

Cat5e Data Module

The Primex 8-port Cat5e Data/Voice Module provides a termination point for simplified cross connect signal distribution from a central location.

Designed to fit in Primex Media Distribution Hubs for structured wiring, the modules offer quick and easy front punch down termination.

They extend the networking functionality of the connected home in SFU and MDU applications while providing effective cable management.

Features & Benefits

- Eight RJ45 data input jacks and eight 4-pair 110 IDC's for output provide robust data and voice distribution
- Easily and securely installed with four push pins
- Simplified cross connect signal distribution for effective cable management of the connected home
- Fits Primex Media Panels for structured wiring (PR1500, P2100, P3000, P4200)
- Arched mounting bracket allows for cable run access
- Ideal for hospitality, health care and retirement communities where room changes are frequent
- Wiring: 568A/568B
- UL/cUL Listed

Dimensions

SIZE: 6.5"L x 3"W x 1.5"H
