

Electrical Kit

The Electrical Installation Kit is an all-in-one package that neatly fits into the Primex PR1500, P2100, P3000, and P4200 SOHO Pro™ Media Panels.

Conveniently packaged, the kit features a gang box, outlet, faceplate, and 4 conduit adapters for the knockouts on Primex Media Panels.

Features & Benefits

- Provides power to internal components of the media panels. All-in-one Electrical Installation Kit fits discretely at the bottom of Primex PR1500, P2100, P3000, and P4200 Media Panels.
- Complete kit: gang box, outlet, faceplate, 4 conduit adapters (in 2 sizes)
- Standardized 15A, 125V power
- 4 conduit adapters for easy installation of conduit through Media Panel knockouts.

*Must be installed by professional electrician.
