

SOHO Pro™ PR1500-B

15 inch Greenfield/Brownfield Media Panel

The SOHO Pro™ PR1500 Greenfield/Brownfield media panel provides a centralized distribution point for the components and services that make today's homes smart.

In addition to the panel's flexible design, a selection of mounting systems makes this panel a convenient, secure, enclosure for installing and distributing broadband service inside the premise.

The unique, patented smart lid is self-aligning and closing with an adjustable depth and clean aesthetics.

Pair with the range of Primex mounting systems for versatile component placement in almost any application.

FEATURES & BENEFITS

Mounts on-wall, in-wall or freestanding* for ease of installation.

Patented self-aligning and closing Smart Lid provides clean, easy and aesthetically-pleasing finish.

Adjustable depth lid allows for oversized component mounting. Optional lock accessory available.

15" internal height provides ample room to mount multi-play and smart home components.

Multiple knockouts for cable runs and electrical outlets to ensure tidy cable management.

Universal mounting hole pattern works with the Primex mounting systems and a broad range of accessories for easy component installation.

*Accessory feet sold separately.
