

# SOHO Pro™ PR1500N

## 15 inch Low-Profile Media Panel

The Primex SOHO Pro™ PR1500N (narrow) WiFi transparent media panel forms the centerpiece of the connected home. It provides a centralized distribution point for the components and services that make today's homes smart.

In addition to the panel's flexible design, a selection of mounting systems makes this panel a convenient, secure, enclosure for installing and distributing broadband service inside the premise.

The low-profile Narrow model lowers the lid depth by 1" (from the standard lid) and utilizes a hinge for a simple, clean installation. The lid also features a keystone adapter slot for optional front-facing connectivity.

### FEATURES & BENEFITS

Hinged lid is 1" lower than standard lid and affixed with four screws for a low-profile finish and clean installation.

Standardized mounting hole pattern supports Primex Rail, Shelf, and Universal Mounting Systems for components.

Multiple entry/exit knockouts on top and bottom support microduct and robust cable runs.

Knockout for swappable keystone adapter allows front cable connection.

Lightweight design allows for easy transport and installation.

Optional key or hex locks available for enhanced security.

ETL-compliant and fire-retardancy tested for heightened safety and durability.

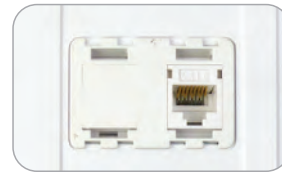

\*Enclosure should not be mounted in a fire-rated wall.

### DIMENSIONS

Inside: H 15.4"/W 13.9"/D 3.9" Outside: H 17.5"/W 16"/D 4.6"
