## Product Specifications

# SOHO<sup>pro</sup>™ PR1500

## Allfield WiFi Transparent Media Panel

### 1. SUMMARY

The Primex SOHO Pro™ PR1500 Allfield WiFi transparent media panel forms the centerpiece of the connected home. It provides a centralized distribution point for the components and services that make today's homes smart.

Its flexible design and selection of mounting systems provide a convenient, secure, enclosure for installing and distributing broadband and smart home services within residential premises.

The unique, patented smart lid is self-aligning and closing with an adjustable depth and clean aesthetics.

Pair with the range of Primex mounting systems for versatile component placement in almost any application.

### 2. DIMENSIONS

Inside: H 15" / W 14.3" / D 4.9"  
 Outside (brownfield): H 16" / W 14.5" / D 5.4"

### 3. FEATURES & BENEFITS

- WiFi transparent, engineered plastic delivers up to 15x more WiFi pass-through than metal alternatives.
- Mounts on-wall, or freestanding\*.
- Patented self-aligning and closing Smart Lid provides clean, easy and aesthetically-pleasing finish.
- Adjustable depth lid allows for oversized component mounting. Optional lock accessory available.
- 15" internal height provides ample room to mount multi-play and smart home components.
- Multiple knockouts for cable runs and electrical outlets to ensure tidy cable management.
- Universal mounting hole pattern works with the Primex mounting systems and a broad range of accessories for easy component installation.

\*Accessory feet sold separately.

### 4. APPLICATIONS

- FTTH for single and multi family units
- FTTB for small businesses
