1. SUMMARY

The Primex SOHO Pro™ PMX900 Triple Play Media Panel brings simple voice, data and video services into small MDU's and single family residences.

Designed to fit flush or surface-mounted for new or retrofit builds, the compact footprint and integrated snap-in module trays allow for fast and easy connectivity.

Kit includes Cat6 and voice modules, and a 1x6 splitter (125-1379). Or it's available blank (125-1306) with a range of voice, data, and coax modules (sold separately) for an easily configurable, customizable solution.

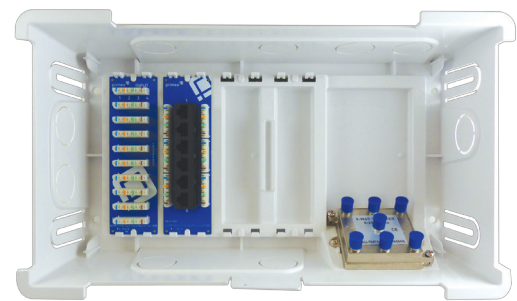

2. DIMENSIONS

Outside: H 9" / W 15.4" / D 4.2"

3. FEATURES & BENEFITS

- Small footprint surface or flushmount housing provides simple video, voice and data installation in between 16" studs inside smaller residences.

- Kit Includes 6-port Cat6 module, 1x9 bridged voice module, and 1x6 video splitter with an empty slot for a simple, scalable installation.

- 4 top/2 bottom/3 side knockouts for easy cable routing.

- Snap-on, pad-lockable lid for secure, low profile-aesthetic.

- UL Listed, durable plastic for long-lasting protection.

125-1379 - PMX900 Triple Play w/voice, data, and video
