## Product Specifications

# P1000DXFSC-THG6SA

6 Fiber Splice & Connect OSP Enclosure

### 1. SUMMARY

The Primex Wave P1000DXFSC-THG6SA is a large 6 fiber splice and connect enclosure ideal for FTTH MDU's that require ample slack storage.

It offers quick and secure fiber connection and management with the included fiber adapters and bend-protected slack storage.

Includes snap and hex locks for secure access.

### 2. DIMENSIONS

Inside: H 10.1" / W 8.6" / D 4.3"

Outside: H 13.6" / W 11.5" / D 5.1"

### 3. FEATURES & BENEFITS

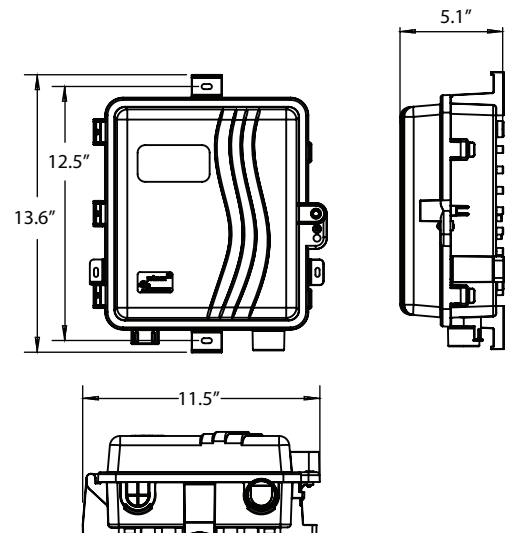

- Large design with three included duplex SC/APC fiber adapters provides splice and connect 6 fiber applications.
- Primex splice tray, hurricane clips, strain relief lug and cradles offer secure, robust fiber management.
- Snap and hex locks provide secure service provider access 24/7.
- High quality UV-protected PVC made in North America for long-lasting fiber protection in demanding weather conditions.
- Two robust one-inch ports with rubber grommets for protected fiber entry and exit.
- External wall and pole mounting brackets that allow for quick and easy deployment.
- UL-listed and industry-standardized for easy implementation.

### 4. APPLICATIONS

- FTTH for single and multi family units
- FTTB for small businesses

### 5. CONFIGURATIONS

Part #	Part Name	Description
125-1808	P1000DXFSC-THG6SA	Hex, gasket, 2x spider spool, fiber tray, 3x HClips, 3x SC/APC duplex adapters
