Product Specifications

Voice Module

8-Port Voice with RJ31X

1. SUMMARY

The Primex 8-port Voice Module offers telephone/fax termination points and an integrated RJ31X jack for security system line seizure. An additional test/output jack is provided.

This module supports up to 8 outlets. The rugged frame features pushpin installation for quick connectivity in Primex in-premise enclosures.

They extend the networking functionality of the connected home in SFU and MDU applications while providing effective cable management.

2. DIMENSIONS

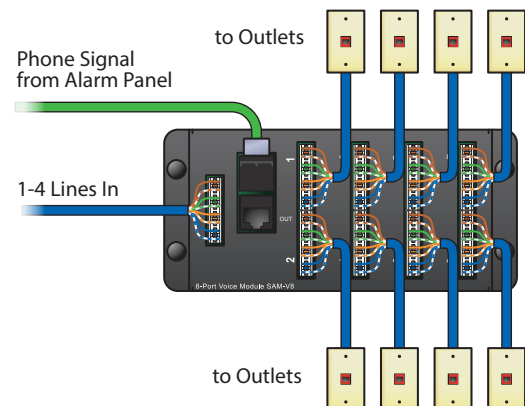

SIZE: 6.5" L x 3" W x 1.1" H

3. FEATURES & BENEFITS

- Four 4-pair 110 IDC input jacks and eight 4-pair 110 IDC's for output provide robust voice distribution.
- RJ31X jack allows alarm auto-dialing access to line 1.
- Easily and securely installed with four push pins into Primex in-premise enclosures (P2100, P3000, P4200, PR1500, PR2300).
- Wiring: 568A
- UL1863 - Communication Circuit Accessory

4. CONFIGURATIONS

Part #	Part Name	Description
135-0083	SAM-V8	4 line in / 8 output Voice Distribution Module
