

1. SUMMARY

The Primex SpeedStar™ Fiber Adapter provides an efficient method to connect fiber optic cables. Three different connector standards are supported: SC/APC, SC/UPC, and LC/UPC duplex.

Housed in a module with a security trap door, these jacks are compatible with SpeedStar faceplates and rack mount panel.

2. PRODUCT DIMENSIONS

SIZE: Fits all Speedstar faceplates

3. FEATURES & BENEFITS

- Easy installation from rear of panel or faceplate
- SC/APC, SC/UPC, and LC/UPC duplex adapter options
- Spring-loaded trap door for safety
- Dust covers over all adapter ports
