

1. SUMMARY

The Primex SpeedStar™ Oversized Mounting Box is contoured to match SpeedStar™ faceplates, but is oversized to accommodate most faceplates.

They have rear cable entry and mounting holes to fit most brackets and tear outs on top, bottom and sides for raceway entry.

2. PRODUCT DIMENSIONS

SIZE: 5.25"H x 3.34"W x 2.25"D

3. FEATURES & BENEFITS

- Installer friendly
- Copper, coax and fiber applications
- Race way knockouts (4 sides)
- Faceplate mounting (threaded insert, 2 places)
- Can be mounted on a flat surface
- Cable may be dressed on all sides, or though the back
- Supports STAR500S and 107 Faceplates (NOTE: the outside contour matches SpeedStar™ face plates. However, the box is oversized to fit most conventional rectangular single gang faceplates.)
- Complies with TIA/EIA 568-A Cable Bend Radius

4. CONFIGURATIONS

Part #	Part Name	Description
