

Fiber Transition Case Gen 3 (FTC3)

The Fiber Transition Case 3 (FTC3) sets a new standard for streamlined fiber management and installation. Engineered with patent-pending Tilt Technology, the FTC3 allows technicians to test circuits post-installation without disruption, ensuring efficiency and reliability.

Its integrated SC/APC adapter and generous internal space accommodate up to 1 meter of 3.0 mm fiber cable, while supporting two fusion splices or a single mechanical splice. End users can break off tabs in the field to accommodate 1 or 2 fiber installation.

Designed for aesthetics and practicality, the FTC3 blends seamlessly into any environment, minimizing wall protrusion and preventing accidental interference.

Features & Benefits

- **Corner Knockouts** – Easy cable entry/egress from any of the four corners for versatile routing.
- **Splice Capacity** – Holds up to two fusion splices and one mechanical splice for FTTH adaptability.
- **Cable Tie Mounts** – Secure cables neatly, reducing strain and improving organization.
- **Ribbed Internal Design** – Facilitates storage for 900µm fiber and up to 3.0 mm cable.
- **Generous Cable Storage** – Stores up to 1 meter of 3.0 mm diameter cable for service loops.
- **Low-Profile Aesthetic Cover** – Blends into surroundings and prevents accidental interference.
- **Security Features** – Includes security screw and screw cap for tamper resistance.
- **Tilt Technology** (patent-pending) – Enables post-installation circuit testing without disassembly.
- **Embossed Port Identification** – “PON1” and “PON2” markings for quick and accurate port recognition.
- **Branded Design** – Features embossed logo for compliance and brand integrity.
- **Mounts directly to the wall or over an existing outlet cavity** with a low voltage mounting bracket or directly into the Primex SOHO PRO Media Panel.

Dimensions

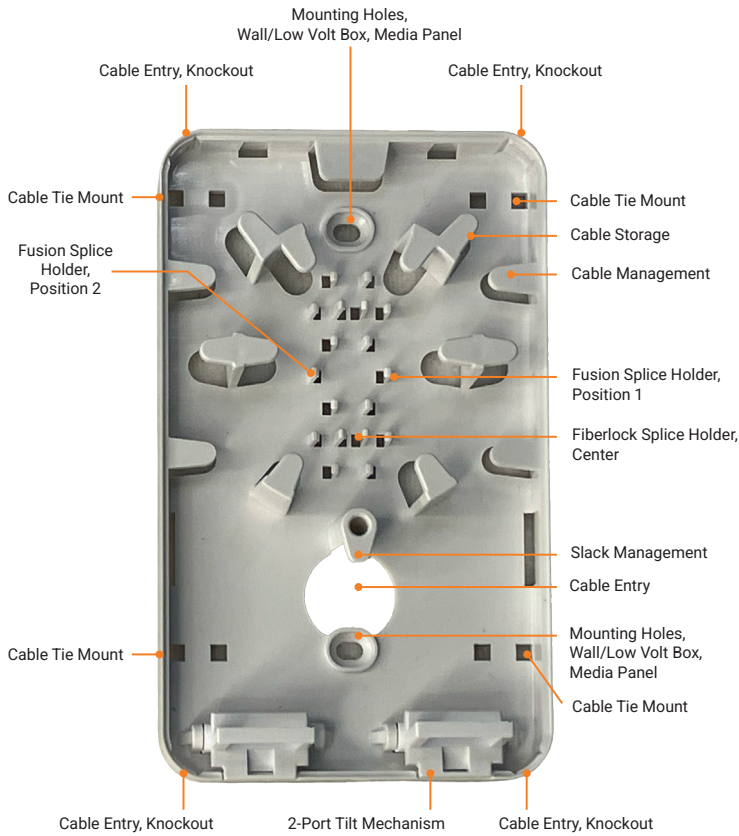

Inside: H 5.0”/W 3.0”/D 0.9”

Ordering Information

P/N	Model	Description
125-2403	FTC3-SA2	FTC3 w/2 SC/APC Fiber Adapters
125-2405	FTC3-SA1	FTC3 w/1 SC/APC Fiber Adapter

Fiber Transition Case Gen 3 (FTC3)

Tilt adapter up to inspect, then tilt down when in use
